

Stone Carving Workshop

Lettering and Relief Carving

Learn traditional stone carving!

Spend a Saturday learning to carve, outdoors, enjoying a view of the Blueridge Mountains at a peaceful farm. The workshop will consist of a morning carving session, a lunch break (bring your own bag lunch), and an afternoon carving session. Students will learn basic tool handling and how to carve a letter and a simple design in relief to take home. The workshop will be hosted by Many Years Farm (www.byzarts.com/retreat-for-a-day/) and taught by sculptor and stone carver Bethany Lee.
